Food Chemistry **24** (1987) 321–323

CONTENTS OF VOLUME 24

Number 1

An Evaluation of Protein Quality of Fenugreek Seeds (*Trigonella foenumgraecum*) and their Supplementary Effects 1
P. UDAYASEKHARA RAO and R. D. SHARMA (India)

Fatty Acid Composition of Fat Globule Membrane Neutral Lipids from Egyptian Buffalo, Goat and Cow's Milk 11
Y. SHAHIN, L. F. HAMZAWI and H. F. HAGGAG (Egypt)

Biochemical and Nutritional Evaluation of *Egreria radiata* (Clam), A Delicacy of Some Riverine Peasant Populations in Nigeria 21
E. T. IFON and I. B. UMOH (Nigeria)

Maturation Stage and Mineral Content in Soybeans 29
FELIB Y. ISKANDER (USA)

Changes in Phenolic Compounds During The Development and Cold Storage of Artichoke (*Cynara scolymus* L.) Heads 37
VINCENZO LATTANZIO (Italy) and CHRISTIAAN F. VAN SUMERE (Belgium)

Kinetics and Equilibria of Tea Infusion—Part 6: The Effects of Salts and of pH on the Concentrations and Partition Constants of Theaflavins and Caffeine in Kapchorua Pekoe Fannings. 51
MICHAEL SPIRO and WILLIAM E. PRICE (Great Britain)

Colorimetric Method for Routine Measurement of Dietary Fibre as Non-Starch Polysaccharides. A Comparison with Gas–Liquid Chromatography . . . 63
H. N. ENGLYST and G. J. HUDSON (Great Britain)

Letter to the Editor 77

Book Review 81

Number 2

The Determination of Added Azo Dye in Soft Drinks via its Reduction Products 83
LILIAN MAROVATSANGA and ROBERT MACRAE (Great Britain)

Food Chemistry (**24**) (1987)—© Elsevier Applied Science Publishers Ltd, England, 1987.
Printed in Great Britain

The Chlorogenic Acids Content of Coffee Substitutes 99
M. N. CLIFFORD, SUSAN SHUTLER, G. A. THOMAS and OMOZOJE OHIOKPEHAI (Great Britain)

Preparation, Evaluation and Functional Properties of Gossypol-poor Cottonseed Protein Isolates 109
H. O. A. OSMAN, M. KHALIL, A. R. EL-MAHDY and S. EL-IRAKI (Egypt)

Factors Affecting the Autolysis Rate of Crude Preparations of Proteolytic Enzymes from Bouri Fish (*Mugil cephalus*). 127
MAHER ESSA KHALIL, SAMIR M. METWALLI and LAILA A. EL-SEBAIY (Egypt)

Formation of Mutagens in An Amino Acid–Glucose Model System and the Effect of Creatine 137
INGOLF F. NES (Norway)

Polygalacturonase Activity in Starfruit 147
H. M. GHAZALI and C. K. LEONG (Malaysia)

Measurement of the Binding Capacity of Casein for Copper by Potentiometric Stripping Analysis 159
S. MANNINO, M. BIANCO, F. BONOMI AND A. BOCCA (Italy)

Number 3

Effects of Types I, II and III Antioxidants on Phospholipid Oxidation in a Meat Model for Warmed Over Flavour 167
J. P. ROOZEN (USA)

Studies on the Maillard Browning Reaction Between Aspartame and Glucose . 187
TZOU-CHI HUANG, AHMED A. SOLIMAN, ROBERT T. ROSEN and CHI-TANG HO (USA)

Free Fatty Acids and Quality of Domiati Cheese Made from Dried Milks as Affected by Added Lipase 197
M. M. OMAR, A. A. ABDEL BAKY, A. M. RABIE and M. M. ASHOUR (Egypt)

Studies on the Purification of Banana Polyphenoloxidase 203
K. S. JAYARAMAN, M. N. RAMANUJA, P. K. VIJAYARAGHAVAN and C. S. VAIDYANATHAN (India)

Properties of Winged Bean Lipoxygenase (*Psophocarpus tetragonolobus*) . . 219
M. H. GORDON and K. MTEBE (Great Britain)

Research Notes

Trypsin Inhibitors in Some Lesser Known Seeds in Nigeria 227
S. G. UZOGARA, C. G. UDOH and O. U. EKA (Nigeria)

A Simple and Rapid Colorimetric Method for Lactose Determination in Milk . 233
IBRAHIM H. ABU-LEHIA (Saudi Arabia)

Number 4

Capacity of Skeletal Muscle for the Formation of Nitrosylhaemoproteins During the Curing of Meat 241
VLADIMIR LOUGOVOIS and the late THOMAS W. HOUSTON (Great Britain)

Hematin-catalysed Oxidation of Linoleate as Influenced by β-casein . . . 247
MICHAEL G. TRUBY, TOM RICHARDSON and OWEN FENNEMA (USA)

Lactosan: 4-*O*-β-D-Galactopyranosyl-1,6-anhydro-β-D-glucopyranose Formation by Heat-Treatment of Lactose *In Vacuo* 263
KYOZO SUYAMA, KAZUE OGAWA and SUSUMU ADACHI (Japan)

Effect of Freezing on Soluble Nitrogen Fraction of Cabrales Cheese . . . 271
M. RAMOS, I. CÁCERES, C. POLO, L. ALONSO and M. JUAREZ (Spain)

Investigations of Antinutritional Factors of the Winged Bean (*Psophocarpus tetragonolobus*) 279
MAKOTO KOTARU, TSUNEO IKEUCHI, HIDEKI YOSHIKAWA and FUMIO IBUKI (Japan)

Effect of Heating on the Headspace Volatiles of Finnish Birch Syrup . . . 287
H. KALLIO, S. RINE, R. M. PANGBORN and W. JENNINGS (USA)

Potential of Oxidised Phenolics as Food Colourants 301
A. J. TAYLOR (Great Britain) and F. M. CLYDESDALE (USA)

Book Reviews 315
